PROFILE

A proactive IT undergraduate with a strong foundation in programming, web development, and software engineering. Experienced in both frontend and backend development using technologies like React.js, Angular, Node.js, and Python. Passionate about problem-solving, teamwork, and delivering high-quality solutions, with strong analytical and communication skills, ready to contribute to innovative IT projects.

WORK EXPERIENCE

■ June 2023 to August 2023

Navitsa Technologies

UI/UX Designer Intern

- Gained hands-on experience in designing user-friendly interfaces and improving the overall user experience.

■ April 2024 to August 2024

Naturub Exports International Pvt Ltd

Software Engineering Intern

- developing and maintaining web applications, enhancing technical skills in software development, and collaborating with cross-functional teams.

EDUCATION

UVA WELLISSA UNIVERSITY OF SRI LANKA

- Bachelor of Information and Communication Technology
- GPA: 3.69 / 4.0

Expected graduation:
August 2025

TECHNICAL SKILLS

- Programming Concepts & Languages: C, Python, Java (OOP Concepts)
- Data Structures and Algorithms
- Software Architecture & Design Patterns
- Web Application Development: React.js, Angular, Node.js, Tailwind CSS, Bootstrap
- Technical Understanding: APIs, SDLC, Computer Networks

NON-TECHNICAL SKILLS

- Teamwork Skills
- Analytical & Critical Thinking
- Strong Communication (Sinhala, English, Tamil)

CERTIFICATES

- Front-end Web Development Certification Course – University of Moratuwa (2023)
- Web Design Certification Course – University of Moratuwa (2023)
- Python Programming Certification Course – University of Moratuwa (2023)

• AI/ML Engineer - Stage 1 – Sri Lanka Institute of Information Technology (SLIT) (2023) • AI/ML Engineer - Stage 2 – Sri Lanka Institute of Information Technology (SLIT) (2023) • CSS, Bootstrap, JavaScript, Web Development Course – Udemy Online Courses (2023) • Foundations of Project Management – University of Moratuwa (2023) • Web Development with Angular – Sololearn (2023) • Introduction to Serverless Development – AWS (2024) • Introduction to Graphic Design & Basics of UI/UX – Simplilearn (2024) • Introduction to Flutter Course – Simplilearn (2024) • Introduction to NodeJS – Simplilearn (2024) • Innovation and Sustainability – Saylor Academy (2024) • ITIL 4 Fundamentals - Essentials of IT Service Management – Alison (2024)	• Documentation & Presentation Skills • Proactive and Deadline-oriented
PROJECTS ■ Pharmacy and e-Channel Web Application Technologies: React, Tailwind CSS, HTML, CSS, JavaScript, Bootstrap ■ Green Waves Website Technologies: React, HTML, CSS, JavaScript, Bootstrap Green Waves Website Project ■ Agrio Mobile Application Technologies: TensorFlow, FastAPI, Flutter, Anaconda Navigator, Jupyter Notebook, Android Studio Leaf Diseases Detecting Mobile App ■ Personal Web Development Project Created a fully functional and aesthetically pleasing website using Wix. Whimsy Writers Website	RESEARCH CNN-Based Mobile Application to Detect and Identify Plant Diseases Using Real-Time Plant Images CNN-Based Mobile Application to Detect and Identify Plant Diseases
	ACHIEVEMENTS Developed a Web-Based Employee Collaboration Platform during my internship at Naturub Exports International Pvt Ltd, utilizing React.js, document sharing, event management, and task management.
	VOLUNTEERING • Member – Women In Engineering Affinity Group of IEEE, Uva Wellassa University (Sep 2022 - Present) • Member – STEMUP Educational Foundation (Sep 2023 - Present) • Member – LEO Club of Uva Wellassa University (2022 - Present)
